

Annual emissions broken down by sector

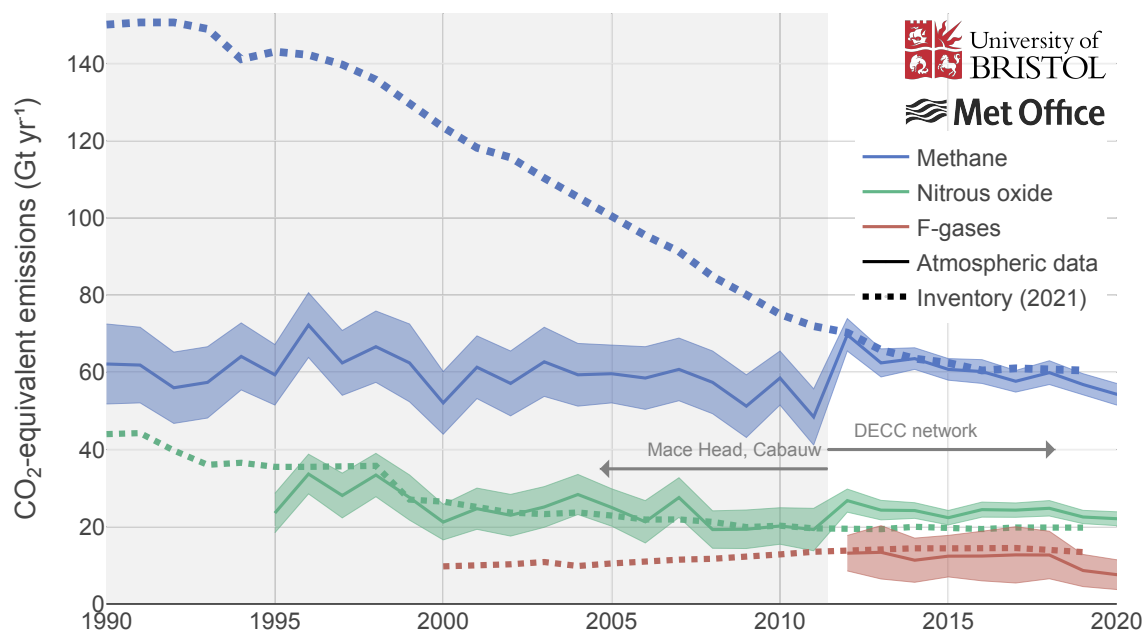

Contents

- [Annual emissions broken down by sector](#)
- [Annual emissions broken down by sector \(2012-2021\)](#)
- [Download Data](#)

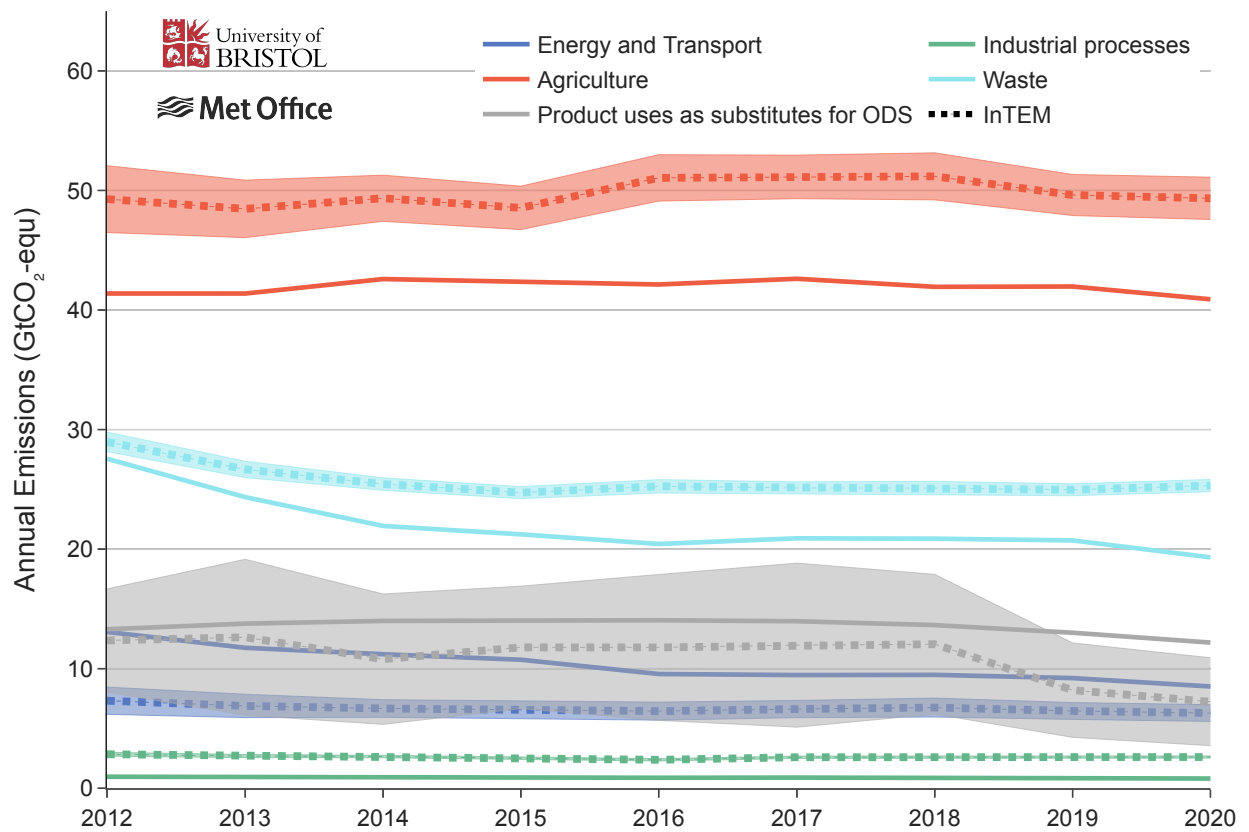

Here we can present the visualisations and discuss them.

This page can be easily printed to a pdf using the buttons on the top right hand side of this web page.

This page is just a markdown file that has been slightly adapted to look nicer in Jupyter Books - e.g. removing the cell inputs/ outputs to only show the interactive graph below.

Here we can show the most recent data broken down by sector

[Click here to download the InTEM Methane and Nitrous Oxide data](#)

[Click here to download the InTEM Methane \(CH₄\) data](#)

[Click here to download the InTEM Nitrous Oxide \(N₂O\) data](#)

[Click here to download the InTEM fgas ODS data](#)
